Tech Support for Survivors of Tech-Facilitated Abuse

Technology-facilitated abuse (TFA) is the misuse or repurposing of digital, electronic, or networked technologies to monitor, control, coerce, threaten, harass, stalk, exploit, impersonate, humiliate, sabotage, or otherwise harm another person. TFA can occur in domestic violence, intimate partner violence, dating violence, stalking, sexual abuse, harassment, fraud, or other forms of interpersonal harm.

Across the United States there are specialized technology support services for victims/survivors of TFA. These “Tech Clinics” are collaborations between victim service providers and technologists, and often focus on survivors of domestic violence. The clinics below are sensitive to the unique needs of survivors of domestic violence and stalking. As you work with victims of domestic violence, stalking, and TFA, consult the list below. If you are not sure if the survivor you are working with qualifies, contact the resource directly.

Mavericks Ending Technology-Facilitated Abuse (MAVS ETA)

- **Location:** Arlington, TX
- **Population Served:** Adult DV survivors receiving services from [The Archway](#) or [One Safe Place](#) (the Family Justice Center of Tarrant County)
- **How to access:** Staff at The Archway or One Safe Place can refer to MAVS ETA for services
- **Format of appointment:** Drop-in office hours or scheduled appointments
- **Website:** [Mavs ETA Lab – University of Texas at Arlington](#)
- **Cost and Confidentiality:** Free and confidential (with the exception of mandatory reporting laws for child maltreatment)

Sanctuary Tech Abuse Clinic (STAC)

- **Location:** New York City, NY
- **Population Served:** Adult intimate partner violence survivors living in NYC.
- **How to access:** A victim/survivor who lives in New York City can make an appointment via a referral from one of the [Family Justice Centers \(FJs\)](#) or the [Anti-Violence Project's \(AVP\)](#) support programs. Appointments can only be booked via referral from either the FJs or AVP.
- **Format of appointment:** Virtual appointments and limited in-person appointments

Tech Support for Survivors of Tech-Facilitated Abuse

- **Website:** [Clinic to End Tech Abuse \(CETA\)](#)
- **Cost and Confidentiality:** Free and confidential (with the exception of mandatory reporting laws for child maltreatment)

New Beginnings Tech-Enabled Coercive Control (TECC) Clinic

- **Location:** Seattle, WA
- **Population Served:** Adult IPV survivors. Non-IPV stalking survivors may be accepted on a case-by-case basis. No geographic restrictions; appointments are virtual.
- **How to access:** To schedule, call the TECC Clinic Line at (206) 779-4864 between 12pm-2pm on the 1st or 3rd Tuesday of the month. Appointments are at 6:30pm the same day.
- **Format of appointment:** Virtual appointments. In-person appointments are rare and typically reserved for clients from New Beginnings.
- **Website:** [Technology Safety – New Beginnings](#)
- **Cost and Confidentiality:** Free and confidential (with the exception of mandatory reporting laws for child maltreatment)

Madison Tech Clinic

- **Location:** Madison, WI
- **Population Served:** Adult survivors of tech abuse in Wisconsin
- **How to access:** A case manager or victim service provider based in Wisconsin can email techclinic.madison@gmail.com to schedule a consultation
- **Format of appointment:** Virtual and in-person appointments. The referring victim service provider must be present at the appointment.
- **Website:** [Madison Tech Clinic](#)
- **Cost and Confidentiality:** Free and confidential (with the exception of mandatory reporting laws for child maltreatment)

Interested in forming a clinic in your community?

The [Tech Clinic Toolkit](#) is a collaboration between Cornell Tech and Lafayette College. It serves as a practical online toolkit designed to help organizations institutionalize technology-specific services for survivors.
